La Société des Dames aimerait que tout le monde s'implique. Elles vous prient d'apporter chacun/chacune un gâteau, une assiette de biscuits ou de carrés, du pain fait à la maison, des bocaux de soupes et vos livres ou vos revues. Elles se chargent de faire la vente et de remettre les dons à la paroisse.

Pour les livres, svp les laisser dans le coin de la bibliothèque. Pour les dons de nourriture, svp les apporter le dimanche 4 décembre avant la messe

Il est important aussi de ne pas oublier de venir en grand nombre le dimanche 4 décembre pour acheter ces délicieux plats. Merci à l'avance de votre intérêt, votre soutien, votre participation !

The CrMS provides comprehensive, professional services through individualized follow-up, standardized teaching tools, and ongoing research. The CrMS is the first standardized system of the menstrual and fertility cycle biomarkers, which strongly links and networks the ability to achieve or avoid pregnancy successfully. It is based on 37 years of research by Dr. Thomas Hilgers, Ob/Gyn of the Pope Paul VI Institute for the Study of Human Reproduction. It is versatile and effective at any stage of a woman's reproductive life, and is the foundation in helping women treat various gynecological and infertility issues. Post-secondary program completion is a pre-requisite to train as a FertilityCare Practitioner.
